CESAR

July — December 2026 Training Schedule

Semester	Month	Course	Mode	Duration	Date	Date
2nd Semester	July	Data Analysis Course Using Stata	In-person	5 days	6 to 10 July	R13,500.00
2nd Semester	July	Data Analysis Course Using R	In-person	5 days	13 to 17 July	R13,500.00
2nd Semester	September	Comprehensive Course on Monitoring and Evaluation	In-person	5 days	7 to 11 September	R11,000.00
2nd Semester	September	Advanced Course in Multiple Regression and Causal Inference Using Stata	In-person	5 days	14 to 18 September	R14,000.00
2nd Semester	September	Introduction to Excel	Online	1 week	21 to 25 September	R2,500.00
2nd Semester	September	Data Analysis Course Using R	Online	4 weeks	22 Sep to 15 Oct	R11,000.00
2nd Semester	October	Data Analysis Course Using Python	In-person	5 days	5 to 9 October	R13,500.00
2nd Semester	October	Data Analysis Course Using Stata	Online	4 weeks	5 to 30 October	R11,000.00
2nd Semester	October	Power BI Course	In-person	4 days	20 to 23 October	R9,500.00
2nd Semester	October	Data Analysis and Visualisation Using Excel (DAVE)	In-person	3 days	26 to 28 October	R8,500.00
2nd Semester	November	Data Analysis Course Using Stata	In-person	5 days	9 to 13 November	R13,500.00
2nd Semester	November	Comprehensive Research Methodology Course	Online	5 weeks	10 Nov-10 Dec	R11,500.00
2nd Semester	November	Data Analysis Course Using R	In-person	5 days	16 to 20 November	R13,500.00
2nd Semester	December	Advanced Course in Multiple Regression and Causal Inference Using R	In-person	5 days	30 Nov to 4 Dec	R14,000.00

To explore more of our courses or customise a training solution for your team, visit www.cesar-africa.com or send us a WhatsApp on +27 77 425 5124.

All in-person courses require approximately 8 hours per day: from 8 am to 4.30 pm with lunch and two tea breaks.

All online courses require approximately 10 hours of study per week: two live online contact sessions, each lasting three hours (6 contact hours per week), and approximately four hours of self-study and assignments.
